MOOD MANAGEMENT

On the 11 Oct.2017 ,it was the fifth day of ADICT programmed. The topic of the day was 'Mood Management' and the chief guest was Dr. Uday Naik , who is renowned Homeopath of Akola and MD of 'Naik Homeopathic Hospital which is the first ISO certificate hospital of India. Dr. Naik sir has 34 years of experience in the medical field .

While narrating his success story he said that he become successful only because of 'mood management '.He didn't choose to live with the moods.

He talk about mood ,types of moods ,how to overcome the mood and what is the need of mood management in your life .

He elucidated the following things in his discourse :

Mood is state or quality of feelings at a particular time. Any mood is not good or bad but if you are in a particular mood continuously for long time, it will become your habit or behavior. So you must know how to overcome the mood .And to overcome the mood, first of all you need to accept yourself honestly ,then only you would be able to overcome the mood .

11/10/17

## TYPES OF MOODS

1. HAPPY – Every one goes into the mood and enjoy it.
2. Sad- It is also faced by every one, but it would be better for us to overcome it soon.
3. Nervous- many times we feel nervous , but nervousness would keep you away from success.
4. Trying to be cute- actually every one is cute, got to be avoid to be cute because we live with the moods . so be 'be cute ' . 'live cute'.
5. Shy- many times shyness is genetic, but we should overcome it, because it stops us from expressing our selves .
6. Annoyed- it is a state where we may not express our anger.
7. Angry- in intense anger , there is reactions in our body, which take place and create various disorders in our body.
8. Awkward- it is a mood when we feel that things are falling from our hands and we can't adjust in situations .
9. Tumbler Girl
10. Nosey
11. Lonely- When you feel creative in your loneliness ,it would be good. But don't remain alone when you are nervous.
12. Weird- It means doing something from others.

❖ He described the two means of getting into the mood.

1. Acquainted- We get into a particular mood when we are in company of the people having such mood.
2. Genetically- Many times people have a genetic mood, which they received from their parents.

❖ Then the sir told the students to feel that 'You all are extraordinary'

He gave students a sentence with blank space . I am \_\_\_\_\_. And asked the students to fill the place with whatever they want to become ,and write the sentence.

- ❖ He also asked the students 'Not to live life by moods and feelings'. Be Happy, cheerful and exuberent. When you are upset ,just clap and say 'That's it ,let it go'. And go ahead.'
- ❖ He also explained the way to overcome 'fumbling'. He said, 'sometimes you feel in mind ,that you would not be able to say properly, if you come out of that feeling , you would present yourself properly.
- ❖ At last,he asked students to remember two golden lines :
  1. I will not live my life with moods .
  2. I will live my life by commitements.

TODAY'S PROGRAMME WAS CONDUCTED BY MANSI. MANSI INVITED RAMAN MAM TO COME ON STAGE AND INTERACT WITH THE STUDENTS.**

**RAMAN MAM TOLD STUDENTS, THAT CONFIDENCE IS REQUIRED FOR GETTING SUCCESS. MAM GAVE THE STUDENTS AN EXAMPLE OF TITANIC SHIP. WHY TITANIC SHIP SANK? BECAUSE IT HAD AN ICEBURG IN ITS WAY. ALSO IN ONE'S LIFE THERE ARE MANY OBSTACLES IN HIS WAY TO SUCCESS. SO WE HAVE TO CONCENTRATE ON OUR GOAL WITH CONFIDENCE AND CONQUER THOSE OBSTACLES. MAM TOLD THAT WE HAVE TO THINK POSITIVELY ABOUT WHAT HAPPENED AND WHAT WILL HAPPEN. WE MUST HAVE AN AIM OR GOAL IN OUR LIFE AND WE SHOULD THINK ABOUT THAT. WE MUST HAVE SELF CONTROL. IF WE DON'T HAVE SELF CONTROL, WE CANNOT CONCENTRATE ON OUR AIM. TRAINING, HARDWORK AND ABILITY TO STICK TO SOMETHING ARE OTHER MAIN POINTS TOWARDS ACHIEVEMENT OF SUCCESS. AT LAST MAM SAID A SENTENCE "FORTUNE FAVOURS THE BRAVE"**

**ON THE REQUEST OF DAMODARE MAM RAMAN MAM GAVE SOME TIPS ABOUT DEVELOPING COMMUNICATION SKILLS IN ENGLISH TO STUDENTS. MAM SAID THAT IF ONE HAS TO SPEAK IN ENGLISH HE HAS TO**

COME BEFORE AND TAKE SELF INITIATIVE TO PROVE HIMSELF. NEVER SAY I DON'T KNOW.

MAM SAID COMMUNICATION IS THE FIRST STEP TO SUCCESS. IF WE WANT TO DEVELOP COMMUNICATION SKILLS IN ENGLISH FIRSTLY WE HAVE TO START THINKING IN ENGLISH. IF WE DO SOME ACTIVITIES LIKE PLAYING LANGUAGE GAMES, DOING MOCK PRESENTATIONS, LISTEN TO NEWS IN ENGLISH, READING ENGLISH NEWSPAPER, ETC. PRONOUNCIATION PLAYS A MAJOR ROLE IN ENGLISH, POWER OF EXPRESSION IS THE MOST IMPORTANT THING IN ENGLISH AND GRAMMER IS BASIC FOR ENGLISH SO WE HAVE TO GO AFTER VOCABULARY. MAM CONCLUDED HER SPEECH BY SAYING A STATEMENT "1<sup>ST</sup> STEP IS BEGINNING TO REACHING THE DESTINATION". THE PROGRAMME STARTED AT 8.30 A.M. AND CONCLUDED AT 9.15 A.M.

"THE WORKSHOP WAS FRUITFUL. STUDENTS GET MOTIVATED AND LISTENED WITH RAPT ATTENTION. DR.SWATI DAMODARE AND DR.MAHESH DABRE TOOK GREAT EFFORTS FOR THE SUCCESS OF THE WORKSHOP"

"GOAL SETTING"

16<sup>TH</sup> NOV 2017,

SEMINAR HALL,

SMT.L.R.T.COLLEGE OF COMMERCE,AKOLA.

Today's topic for the session is "Goal Setting" and was explained by the Dr.Mahesh Dabre sir. Abhishek patki conducted the proceeding of the session and invited Dabre sir to come on stage and interact with the students.

Dabre sir told us that today's topic is goal setting. Then sir asked few to say their goal of life. After listening the student's goal , sir told students what is goal? They said that "foal is based on aim and aim is based on objective." There is one goal and there is one aim, but there are many objectives to fulfill to complete the aim of goal.

Sir told students to behave like an elephant but with the courage like a lion. Because elephant has strength, but if he is tied with chain or wire , it will be nothing, but tiger or lion will never do it. Hence , lion is the king of the forest.

Sir also told us that there is a difference between goal, aim , and objectives. Goal, aim and objectives are inter-related concepts. Goal is based on aim and aim requires objective. Objective means a thing aimed and aim is what a person intends to do as goal is an aim as purpose.

Sir also told students t read books, because it helps to develop the personality, sharpen the mind, gain the knowledge and can be useful to improve the reading habit. Sir also said students to do their own swot analysis. Sir has also taken one activity with the help of some students. There are 9 students, 3 groups of 3 members each. Sir gave them their post namely sales manager, area manager and regional manager. There are three chairs and one table. On table there are 14 small wooden blocks. The task was sales manager will get blindfolds and there to make a single vertical building or structure from the blocks. 1<sup>st</sup> team managed to set 10 blocks , 2<sup>nd</sup> team managed to set 12 blocks, but have made base of 2-2 blocks, 3<sup>rd</sup> team managed to complete the task in 1min 50sec. After every team's time of 2 mins is up, sir asked about their feeling about the game.

And at last Aditya Suradkar expressed the vote of thanks behalf of all the students and this wonderful session comes to an end.

'CAREER OPPORTUNITIES THROUGH LANGUAGES'

19<sup>TH</sup> NOV, 2017

SEMINAR HALL,

SMT. L.R.T.COLLEGE OF COMMERCE, AKOLA

Language is a medium for communication. Personality of a person can be reflected through his language. Language has a great influence on the life of a person. There are many languages in the world and India also and it creates many opportunities to get income, but the reality is that no one wants to choose this field as a career.

To clear this type of misconceptions about not opting language as a career, Dr. Swati Damodare mam has taken a session about this topic. Damodare mam is accompanied by her mom. Mam had a powerpoint presentation with her which contained very important points about the topic. The program started on 8.15 a.m. and nisha hande conducted the program pretty well.

The first question of the mam to the students is why they not choose language as a career and asked students about the fields which requires good language skills or command over a language. The answers were considerable like call centers, tourist guide, radio jockey, etc.

Mam showed some pictures of celebrities who have made their careers through languages and were very successful because of their language skills. The celebrities were sudhir Gadgill, Azim Navazrahi, manasvini ramalekhan, Amin Sayani very well known radio jockey of AIR(All India Radio), etc. after showing the pictures mam shared some information about them like mr.Azim Navazrahi is a person who has only one source of income i.e. conducting the program or when mr. Amin Sayani used to conduct his shows on AIR, the crowd gathered before the radios and just listen to his voice and style of expression.

Mam showed some other career in this field like advertisement, script, jingles, conversations. Mam shared an example of Amul India Ltd. This company used to match the current affairs situation with its advertisement and had a new advertisement on new situation. Mam also shared the example of 'patrakarita' (journalism) field in which many people had been successful like, Barkha Datta, Rajdeep Sardesai, Girish Kuber, etc. because it is a great medium, it has many opportunities and wanted more and more people to join this field as a career.

Then mam attracted our focus on translation there are many fields in translation like study material, AIR, speeches, call centers, solution desk, medical transcription, etc. mam also shared some websites in this respect like [www.shabdkosh.com](http://www.shabdkosh.com). Anuvad – Ek Ujwal Career is the book written by sandeep nulkar who works in this respect and he has given employment to nearby 500 persons in this field.

Another big name in this field is avdhut dongre. He works as a translator and translates different languages books in Marathi. He charges rs.2.50 per word for his translation. He also has a team with him if the workload is more. This was the first presentation of mam about languages and the second presentation is on the topic 'REVIEW OF TRANSLATED LITERATURE'. Mam had some pictures of translated books of different languages in marathi. Mam also have some books with her her like 'thor chitrakar chor' which is a story of a man who copies 4 top painters in the world and make the exact copies of their paintings and sell them to art galleries. This book is written by his wife, on one day she comes to know that her husband can copy this world class painters and she had written this book.

Another books are 'Gorillas in the mist', 'the catcher in the roy', 'light in the forest' and 'Paksi,Pashu aani daku', etc. this last book is written by two writers who were get trapped by the famous sandalwood smuggler and a naxalist veerappan. Veerappan got wrong information about them. They spend 14 days with him. When veerappan got

satisfied that he has no danger from them he dropped them back to their room safely.

Mam also shared a book about torture chambers of the German Dictator Hitler. He used to do experiments on people in these chambers like they are in hell. One man and his 3 year son are trapped in this chamber and the man tries his best to not get his son realize that what reality is. One day he is killed and his son takes it as a game. Mam also told students another story related to this chambers.

In the last part of the session mam explained to students about author Girish Kadam's book 'Hayavadana'. Sapna umbarkar carried in the work of vote of thanks for the mam. This is the best lecture I have ever heard in my life till the date and according to me this is the finest lecture of the workshop till the date.

'TIME MANAGEMENT'

20<sup>TH</sup> NOV, 2017

SEMINAR HALL,

SMT. L.R.T. COLLEGE OF COMMERCE, AKOLA

The most important thing in everyone's life is that managing the time . In today's world if you ask someone for something he will say he has no time. To solve this problem of students about management of time Dr. Yogesh.K.Agrawal sir is with us to explain students this topic.

Agrawal sir had a power point presentation with him to evaluate the topic easily. Firstly sir told students to start counting 1-5 and after counting is complete five groups were made. Each group has to choose a group leader and he/she will say some points about the topic after discussion with their groups. Every group has a Prof. as their mentor and Khedekar madam is the judge of the competition.

After the activity is completed sir started to told students what is time management.? What are the effects of lack of time ? like enable to participate in social and cultural activities, pressure to get things done,etc. Sir told students a statement of Peter Ducker. He says that " Until we can't manage time we can't manage nothing else."

To explain this in a different way sir had a video of famous comic character Mr. Bean . The video is about he had an appointment with dentist on 9 a.m.. He does everything to get thing done on time but fails to execute this plans. He puts alarm, he makes mechanism of hot water to make him out of sleep, but does not do it. When he realizes he has an appointment , he changes his clothes in car while driving it. While doing this he also risks his life.

## ADICT

Sir said that the best way for time management for college students is weekly schedule. He said have a good weekly schedule and follow it in routine. It will be useless if we doesn't follow it.

Sir also stated some principles like start early and work steadily , break big tasks into smaller and simpler sections , write down ask the things to do ( maintain dairy ) , priorities your task and do the one that are more important first, don't sail onn two boats, don't waste time on social media, etc.

Sir also shared some tips about time management during examinations like start early preparations, avoid late night studies, reach 30 mins. Before at exams centre, read your question paper properly, give equal time to all questions, keep yourself cool and relax, take care of yourself, etc.

To explain this effectively sir has one more video of Mr. Bean , he was at examination center and without obtaining his subject's question paper , he starts to solve other question paper and tries to copy his partner's answer in different ways which creates comedy. When there is only two minutes left to finish the paper, on the notice of the invigilator he comes to know that his subject was different , but the time has gone.

Sir also has an another video based on the camera manufacturing com. Named KODAK. Kodak is the first and top company in selling camera. It used to sell camera at low price and camera negative and photo paper at higher price. When their developer developed digital camera, it was the first camera in the world, but they haven't launched it into market , because their main income source was negative and photo paper. So their competitors like CANON, SONY, or others launched their digital cameras in market, and market share of Kodak was decreasing, after a long period they launched their digital camera , but the time has gone and in the year 2012 the company was dissolved for forever.

So sir concluded that "Time management is a skill, use it daily." And "What is well begin is half done."

"SKILLS OF COMMUNICATIONS – 1"

21<sup>ST</sup> NOV 2017,

SEMINAR HALL,

SMT.L.R.T. COLLEGE OF COMMERCE, AKOLA.

Communications is the way of presenting ideas through verbal or non verbal means or medium. Communication is done between speaker and listener. Way of communication of different persons vary in the sense of experience, softness, behavior, etc. This session is based on the Communication skills.

This lecture is carried out by Dabre sir and he motivated Mr. Mahesh Chavan to conduct the proceeding of the program. Mahesh was little bit nervous first time, but sir told him to do it again and again from the starting. Every time he conducted, he had a higher confidence and skills of presenting from the previous attempts.

On this situation Dabre sir told students about the experiments carried on by E.L. Thorndiak which is famously known as "Thorndiak's puzzle box." In his experiment he has a cat which has been placed in a 'puzzle box'. The door of the box is closed by a simple handle. Outside the cage he placed a dish with a fish. The cat moved around in the cage and found that outside the cage there is fish. The cat tried all of his efforts and at one moment it opened the door with the help of handle and escaped. The cat is placed back into the cage. This time the cat goes through some responses and bumps into the handle once again. This is repeated again and again. Ultimately, the cat develops a quick and efficient series of movements for opening the door of that cage. Thorndiak theorized that the cat learned to escape the "puzzle box" by trial and error.

After this explanation sir had taken an activity on we can say an experiment. Sir had choosed 7 participants and named them "generation-1, generation-2....., generation-7". The activity was that sir will tell one message to 1<sup>st</sup> generation and the message will be carried forward in between 7 generations. 1<sup>st</sup> generation student "Vaibhav Bhudke" get nervous about the activity and in being replaced by Mahesh Chavan.

The message was of about 10 to 12 lines but when it is passed on from 1<sup>st</sup> generation to 2<sup>nd</sup> to 3<sup>rd</sup> upto 7<sup>th</sup> generation, its been shortend, some main points are neglected, some new points and some new characters are added in that lines told by sir. This is full of

"ADICT"  
"SKILLS OF COMMUNICATIONS – 1"

comedy experience for all the other students. The message transferred to 7<sup>th</sup> generation was about only 2-3 lines.

Then sir told students about an experiment conducted by Psychologist "Ivon Pavlov". His experiment was about situation of dogs when they see food. He used to ring a bell and then give food to dog. Ringing the bell and food was associated after some time. He started ringing bell but not giving food, but then also the dog used to create a salivation. Dabre sir told students that we will continue the discussion in the next session.

**"MOTIVATION FOR COMPETATIVE EXAM"**

**. Satish phadke Sir**

**23<sup>rd</sup> Nov, 2017**

**Seminar Hall,**

**Smt. L. R. T. Collage of commerce Akola.**

After completing or passing 10<sup>th</sup> Standard, the first question before a student is what faculty you want to choose. If the consumer is commerce, then there is a wide range of opportunity before a student. If he wants to select professional work he can choose CA or language as a career, if he wants to do service under government, he will have to crack the exam for this life MPSC or UPSC.

In Akola, if we talk about competitive exams, the one name that comes into our mind. Is Phadke Sir phadke Academy. Today is day which all the student from the workshop today on this day Shri. Satish phadke Sir are going to motivate the student for competitive exam. For today's session, there is open institution for all L. R. T. Students to be a part of the seminar or session. The present of the students was extraordinary for listen the lecture. Of phadke Sir.

Abhishek patki has taken the responsibility to conduct the programme and invited phadke sir to come on stage. Dr. Swati damodare mam welcome sir by giving a bouquet. Abhishek invited sir to come on stage and start interaction with the students.

Phadke Sir started interacting with the students. First statement of sir in that according to the prime minister of England "you have to work for 12 hours in a day, and which 12 hours you have to decide."

Phadke Sir started talking about in competitive exam, why they are conducted, how competitive exams, etc. Sir told if you have choose the commerce faculty then if you wanted to go for competitive exams, you must have qualification oriented vision not job oriented vision.

You must have a fallback plan. Suppose you are a B.com graduate and now you want to give competitive exam, after 3 to 4 attempts you are not able to crack the exam, now you have only a general B.com degree and if you complete your post graduation you must have acquired knowledge which would be more useful to you for your attempts. This is called fallback plan.

Sir told students that a man's mind is not influenced by the time or energy but, it is more influenced by money or price of something he has, but the same thing some other person had at some low price. In this case the extra money giving is calculated but the time he has wasted is not calculated.

Sir told students to take own comfort for your life. You have to act according to your comfort are not according to your friend's action. Sir explained this situation with the help of two character paper and tapper.

Sir told student to develop focus. Even to born a piece of paper of require a lot of focus. Sir told that suppose you are sun, examination is the paper, your knowledge is managing glass so if you have to crack exam you have to focus your full focus on examination.

After words, Sir said that don't waste your time in love relationship. It is normal situation in the world in which students waste a lot of time example for this explain by four characters pappu and chinky are in relationship and pappu friend is tappu who is there with him and shinky friend is pinky who is there with her. In this situation the time of four of them wasted.

Then sir explained students about analysis is required and is must. Sir explained this with the help of example of receptions of marriages. When there is buffe, the people start from the last table, observe all the things from all table, come to first table and get the things you want. This is the way you should do your analysis in the real life for making you career.

Then sir told that so percent times we talk we talk session and want less. Like are fill ways in talking in which in first situation speaker and has knowledge and receiver has no knowledge but he don't want to listen, in fourth situation speaker has knowledge and receive don't but he has to listen.

To get success, you have to think that you are carrying a vessal full of water and in vessal there is lots of hole. You have to carry this vessal to the plant and sprinkle water on it. But you have water. Then think that the plant is your goal your aim, the hole in your vessal is that abstract that come into your way, the water in the vessal is your time and your hard work. If you have to make your dreams come truck you have to seal the holes, and the success is defiantly yours.

This lecture is truly the most inspirational motivational, effective and enjoyable by all way. Some example of phadke sir were so effective for students. The session was attended by large number of student and enjoyed by all.

## Skill of communication 2

24/11/2017

### SEMINAR HALL

SMT .L.R.T College of commerce, Akola

On 21 nov Dabre Sir has taken a session on the topic communication skills but the discussion was not finished due to the problem of time . To complete the discussion on self confidence and motivation for competitive exams by Sushil Deshmukh Sir and Shri Satish Fadake Sir respectively , Dr Dabre Sir is ready to continue the discussion today .

When sir entered the seminar hall , the started taking feedback from the students about what change they have observed in them after joining the personality development workshop .Each and every student gave his feedback .

The sir asked student to conduct the session .She was little bit nervous . After 2 to 3 attempts she conducted the programme and there is improvement in every attempt . This is another example of trial and error theory by tharondicak . In the previous session this experiment is conducted on Mahesh Chavan .

Then sir started explaining what is the importances of communication, process of communication , what types of problems are solved by communication, what are the steps of communication ,what is concept of speaker and receiver or listener , of all the questions above are answered and explained by Dabre sir.

Sir also explained the features of communication like communication is a dyanamic process , systematic process etc. Feedback or remark of the receiver or listener is necessary in communication . In communication sender or speaker sends a message to listener with a purpose through a medium /channel to get feedback from him .

Sir Invited money students on stage for various topic to talk on one student said that his friends told him that Dabre Sir is so strict that he was 'HITLER' ,but his Sandip said that he is strict but of caring nature . Dabre sir has taken this statement in a healthy way with a smile on his face .

DEVEN BHARAT KHATARI

Sir share an example of "Onida company" which is famous for making TVs, but now has manufacture washing machine. It gave advertisement in "Times of India's full front page. The advertisement content only one line in the bottom the page while the full page was blank. The line is "This page is completely washed by onida washing machine."

At last Ankita Pande proposed vote of thanks to sir and the session ends.

Today's lecture is special in it's own because it is also joined by our college's NCC cadets and Tirkar sir and

Dabre sir come the in Introduction of Mohod sir and Sandeep conducted the proceedings of the programme. He invited Mohod sir to come on stage and interact with the students. Firstly sir explain what is personality and what are the types of personality.

Then sir asked the question which is the person who is an abstract for your personality to develop to explain this in brief sir explained an example of a company's incident which changed the working style and discipline of the company. Sir also stated an example of ECG in medical condition. Sir said if there are lots of fluctuations in ECG, how can the life of a person can be so straight.

Sir also gave an example of a Chinese story. In this story an old lady used to bring two pots from river to his house and pots are totally in good condition, but the another one has a minute hole in it. The pot said to old lady that he is of no use to her as he can bring only half water for her. But the lady saved in the way to house I take you from ours the flowers and you feel flower with water. This is the way use should think about our self, that how can use utilize our goodness for others.

Then sir asked students to every the spelling of attitude and number them as they have place in the alphabet series. The addition of all the numbers is 100. Sir said this is the only thing in personality which is to 100%.

"CAREER OPPORTUNITIES THROUGH MASS MEDIA"

27 NOV 2017

SEMINAR HALL

SMT.LR.T. COLLEGE OF COMMERCE AKOLA

This is 27<sup>th</sup> nov 2017 and we are at seminar hall of our college to have discussion on "career opportunities through mass media". We have vijay Dalvi sir to have this discussion and get some valuable information from him. He works at AIR akola, and had a good knowledge about the topic.

Sir started of the discussion with some information about the media. There are some types of media like : print media, electronic media , radio news, modern age media, social media, etc. Sir said medium is a opinion leader what information we get from media. We make our opinion according to that information and the media process have disadvantages that they know this psychology of the people.

And they use this technique in the advertisement. Sir said there is lot of opportunities in this field. So share an example of "Mahabeej government" has to give name to the seeds which were at reasonable price for the farmers, it announce the prize of 25 lakhs who suggest the suitable name for this. Sir said that in Maharashtra the head quarters for the mahabeej is situated in Akola.

Sir also share an example of "Khushwat singh". He used to write weekly articles in newspaper. He gets 3000 rs. For every article, but his article is printed in 18 languages. And by this way he earn 2,40,000 rs per week. This is what we can all have the opportunities through media. Sir also give example of "BJP" in 2014 for lok sabha election.

Sir said that if someone from the college to make career in this field and he can join national academy of broadcasting and mass media. There are many features in advertisement like AIDA in which A stand for attention, I stands for information, D for decision, A stands for action.

### **STRESS MANAGEMENT**

28<sup>th</sup> Nov, 2017

Seminar Hall,

Smt.L.R.T collage of commerce ,

Akola,

This is Thursday morning and we are all gathered in seminar Hall to have a session on the topic "Stress management" we have Dr. Sital Tongse sir as a speaker in session front of us. As we all know Sital sir because he has previously taken a session in this workshop.

Sir said he has no preparation to have this session, he has no powerpoint presentation or any other material, but had an idea to have discussion on. Firstly sir asked a question to students what is stress according to them and when it happens with them? Every student had a different point of view about stress, but all the answers were interesting. Sir explained some important points about stress like we are like a magnet, we attract things or persons of our nature. If we are positive, then we attract positive persons as vice versa. Stress is a relative mechanism of our body and it is protective for us. Sir showed an example, Suppose you are having a trip in jungle and if a lion comes in front of you, your talent will automatically get out, because your body knows it has to run fast and it gets the waste out of the body.

Sir said when stress crosses a limit it is dangerous. Stress gives power to deal with problems. There are 3 steps included in every situation, whether it is a stressful situation or not. First is A which is activity event as we can say Accident. There is no control of us in this first event and we cannot do anything about this. The third one is C which stands for consequences. A is not in our control but we can have control on C which is consequences at the Activity event as accident if we have B, the second thing which stands for Belong system as what we think about the situation.

Our belief is there types- about me ,about other and about world. We try magnify the things. Belief must be considerable in the sense of relative as unrelative. Have Belief that I can do it.

**Subject: - How does good health help to live a successful life.**

**Diet for Good Health.**

Ma'am Said,

To live a successful life, we should first take care of our health. Due to our daily fast schedule we neglect our health. Terrorism has surrounded India; just like that many harmful elements have surrounded human body. To avoid this or to fight these elements we should do a regular exercise.

Our country is not developed yet, because people avoid taking care of their health. Young People should eat the food which contains a high source of Proteins. We are slave to our Tongue, but we should not forget that good health depends on our diet. It is our duty to clean our environment and also clean our hands and body, because clean environment helps to provide a good health. It helps in development of our country and is helpful for our next generation.

Our Interest is depending upon our liking. The reason of our unsuccessful life is our own mistake we self decide our goal, our aim and with the help of time table we run for the achievement of that aim. We always walk with time. As changeable time, we have to change our interest and priority. There is must importance of time in our success.

We have to create our interest in those things which we can perform beautifully. It is not important that what we will do but it is important that which is our type for performing the work with the help of proper time-table, we have to run in direction of our aim, because proper time-table, proper time management and planning are the reason to the success in the life.

Basically Mood Starts from brain. Mobiles are affecting on our brain positive or negative aspects. We have listen to other person up to 90% & made our mood.

Mood is one of the word i.e. effects on What Are You Doing? What is Decided? etc. When we listen to other person we go to negative side.

First of all we have not given priority our mood. When we have give priority our mood then priority is also given a day not a life. Mood is affected on our life mentally, bodily & physically. When we learn to manage mood, then we also learn that manage the life. Our think is made our mood as positive side & Negative

**Subject: - Memory Techniques.**

Sir Said,

In order to be successful you should have concentration power. He said concentration will help to charge your thoughts into action and actions into result.

Sir Explained importance of visualisation dreams. Visualization of our dreams & goals can lead yourself towards that goal.

He explained law of demand & supply of universe. Visualisation of dreams creators' intuition in our sub-conscious mind & motivates us to reach to goal. If you make demand you will get supplied. Visualisation creates vibrations & it gets reflected.

It is nothing but awaking of 3<sup>rd</sup> eye or 6<sup>th</sup> sense of our body. He has given practical demo of Relaxation, Meditation & Visualisation.

We all get very different experience when we did these activities collectively. We feel like energetic. Some feels cold while some magnetic field around them. Sir, give us instructions to visualise your dreams like your living like that. It creates intuition to work hard. He tells us to integrate feelings, thoughts and Actions. He conducted practical demo of meditation. WE practised Pronunciation of Mantras ' Vam, Ram, Lam, Yam, Om. He gave advise to practise these to increase concentration during study to visualize dreams.

He completely changed our way to see & implement memory Techniques.

**Date:- 03-10-2018**

**Speaker:- Swami Tanmayanandji**

**Subject: - Personality Development**

Swamiji Said,

Now a days, people think personality as only external personality but internal personality i.e. character of a person is 80% of what is he & external personality i.e. appearance is only 20%.

He focused on character building as personality development. He suggested students to always be aware, open your eyes & ears to accept adopt whatever good comes to us from anywhere. He stressed on simplicity & down to earthiness, politeness of person as a key to success by giving example of Mrs. Sudha Murti. You should pick an idol & make it your life.

You should not focus on competition with yourself. For that, he advised to concentrate thoughts and actions to goal you desire to achieve. For concentration, he suggested reducing distractions and giving an idea of fast of mobile, etc. Start / beginning have to be done from small things. These small things build character as character comes from inner side. He said that, we have potential to top exam, what we need to have 100% confidence & efforts. He gives Mantra of Ideal & Reality.

- Realise the Ideal
- Idealise the Reality

By giving example of Thomas Edison, he says that failure should not stop us, but should motivate us to start from beginning. Self dependency should be there, as over dependency on others is harmful.

He gave importance to Renunciation & service in life. As we are a part of society we should do service of society.

At last he sang a Bhajan very beautifully, which gave very beautiful message effectively.

**Speaker:- Dr. Swati Damodare**

**Subject: - Pre-Marriage Counselling**

Ma'am Said,

Our Co-ordinator of ADICT workshop Dr. Swati Damodare Ma'am Guided Students prejudices, how to select & how to maintain the life-long partnership i.e. Marriage. She urged students to be free and to give out all hesitation about topic.

Marriage occupies most of our adult life our whole life after that we should take conscious decision about it, we should give enough time for it. As this decision is not easily irreversible.

First, she discusses on how to select a partner & some general criteria's of selection of a person such as education, caste, religion, financial status, job, family background, physical Body, structure, area(Rural/Urban). Some of the above criteria's though gain importance today, but ideally they should not (physical appearance, Caste).

She explained that while taking decision of selection of life partner, we should give up prejudices, decision of selection of life partner we, decisions should be self-taken. If there is earlier contacts or conversation between two it can help to know better about each other. Background should be consider like educational, professional background, friend circles, liking, hobbies & habits (good/ bad) should be known to each other, so that decision of whether the pair match to each other can be taken.

Secondly, she explained, how to maintain & carry on marriage life. Both partners should be supplementary & helpful to each other. She has gave mantra of 3'M' 1) Made for 2) Mad for 3) Made by; for each other.

She explained as made by, s changing and adopting ourselves to partner's behaviours. For strengthen bond between two and to continue marriage life happily she has given 4 'T's.

1) Talk          2) Touch          3)Time          4) Tenderness

We should talk to each other, there should be a touch of love & time should be spent between the two of them in difficulties and happy situation, Ma'am gave example of Sachin- Anjali Tendulkar, Sania- Shoeb Malik, Amitabh- Jaya Bacchan, Abhay- Rani Bang, Prakash-Mandakini Amte. These are the couples who are living successful marriage life despite of hight, area, age , thoughts difference.

**Speaker:- Suhas Udupurkar**

**Subject: - How life started at Earth?**

Sir Said,

Mr. Suhas Udupurkar delivered a lecture on beginning of life on the earth. He said to students, though you are from commerce field, you should have interest in all the subjects. He explained how vast universe is & how small or negligible are we (humans) in it.

Explaining various studies done, he explained statement that living beings are created/ originated from non-living beings. Experiments done for it are not scientific. It explained how any piece of meat. Creation of microform animals on it.

But scientist Francesco Redi proved this wrong, these micro organisms are not created on it, but get attracted towards it. So, parents should be there to give.

Stanley Miller & Urey Experiment (1953) on how conditions on earth leads to birth of living being. They Stated that lightening in early earth life leads to life creation, so in his experiment he try to created living being by lightening. When he open flask he get protein, sugar, fats, it means though he not get living being. he get its components.

With Studies done, it can be predicted that life started 3 million years ago in Pacific Ocean. Where there could not reach sunlight. But thereafter these living being started photosynthesis and releasing O<sub>2</sub> thus supporting life system started evolving. Then life comes on land through amphibians, reptiles, birds and mammals.

The Study of Meteoroids near poles under microscope reveals remains of living organisms/ microorganisms. It is estimated that this meteoroids is part of Mars. So mission started for finding out any signs of life on Mars. India is on move to develop more & more in space technology. India launched satellites which are cheapest in world. However India has to face denial of use of technology. by USA to send satellites but now India is world power in space science.(Cryogenic Technology.)

Akola.

On 28<sup>th</sup> September, 2018 we the students of ADICT Workshop and part of ‘Active Group’ visited to S. P. Office Akola. Firstly we visited Women Complaint Centre in it and the officer at that centre was Ujjwala Wakpujar Madam. She gave us information about that complaint centre. There is the work to solve problems and on arguments between husband and wife. They solve it when any woman finds herself as unsecured from her family or husband. They can inform to the police about the violence at her home.

PSI Mam also said that there is 24\*7 helpline i.e. an ikola app. Which can provide the service to such women who are being violated by another person or by her family member?

She also suggested us about ‘Damini Pathak’ i.e. it serves for girls who are getting abused by boys or another bad person, and also said we can call on 100((Helpline no.) for such helps.

This Centre also take workshops from Damini Pathak, Tanani-2, Spread awareness among women and also it any person shows video clips which are bad and if someone threatens a women to suicide and to kill her then that person is taken in custody under A-Z of 305 & 354 sections.

She told us that there comes 25-30 each day. There is also helpline as police “Mitra” as we as chasing by someone there is 354 (A). Lastly, She said that “ We should not bear any injustice at any cost from anybody” And she had promised us that whenever sir will call her to ADICT program she will come to enlighten us.

Next, visit was in Superintendents Police office. There was an officer Mr. Bhanupratap K. Madavi Who gave us information about the working of S. P. Office. Their Hierarchy is D.G.P.---- Addi D. G. ---- Special IG ---- DIG ---- S.P. ---- Addi S.P. ---- DYSP ---- PI ---- API ---- PSI ---- ASI ---- HEAD CONSTABLE ---- POLICE CONSTABLE ---- CONSTABLE.

They also said that their main works are keeping management, law order and investigation on a district level. There is also Co-ordination by every department and the current D.G. of Akola is Palshikar Sir. They also said that the sections related to ladies security are very important and to be noted every time because current situation is quit varied.

There are 3000 constable at Akola district S.P. office. There are some programs conducted such as Janani-2 and Damini Pathak , Janjagruiti Etc.

In Akola, there are 23 police station sir said there is one tool for all situation that is CRPC (Criminal Procedure Code.) It is Implementing in care of overall problem.

In today's world full of social media, its a very easy to get connected with anyone far from you, but its side effect is that we get disconnected with the people near us. Thus, We feel need to have a session on Relationship Management and hence Rajendekar sir was here to guide us on the topic.

Sir explained how we got distracted from our culture of taking blessings from our parents every morning by touching their feet, how we forgot to chant 'Gayatri Mantra' now which we used to chant as our school prayer, etc. Also, we share everything with our social media friends, but not with our parents. Sir gave everyone of us, a task to at least share the key highlights of the day spent, with our parents, so that the communication gap between us can be decreased. Thank you Prof. Dabre sir and Prof. Damodare Mam for inviting Rajendekar sir who gave us students an amazing guidance over this wonderful topic

One common thing which is common between each and every individual people on this earth is that he or she has got only 24 hours of time in a day. There is no differentiation of time on the basis of their income. A rich person also has 24 hours so as poor got, but the main difference is for what purpose their time is used. If time is used effectively, then anyone can get successful, but if not then successful person can get fail. This was the introduction for the topic 'Time Management' explained by Nandkishor Laghe sir. After this Sir questioned some students about their routine and asked as they were satisfied with their own daily routine, as expected answer was no. Today's guest for the session was our own Dr. Swati Damodare Madam. And today's topic was very unorthodox and of that kind on which many of the youngsters are aware of but hesitate to put their view on this. According to ma'am, youngsters, specially girls question themselves about how they got attracted towards such kind of things, as they have to focus on their career and fulfill their and their families dream. But ma'am explained this as a involuntary change like physical or mental changes. Someone doesn't express their feelings and feel guilty. But ma'am focused on the point that this attraction is nothing but reaction to these changes and its natural. Ma'am also shared some shayaris of famous Shayar 'Gulzar'.

After this ma'am conducted a question and answer activity about this topic to know the views of the students. Age of building a career and falling in love is same but is that possible to balance it? Was the first question and ma'am amazed students with more such questions which are related to the day to day activities of modern generation. Ma'am also raised a question about the old school thinking that girls shouldn't be educated because it affects their marital life? At last ma'am suggested students that they should try to control their mind and concentrate on study because it can be done.

Date: - 07/10/19

Time:-10:30 am

The member of Creative Group in ADICT family visited there second place at 'Panchayat Samiti'. The place is located at Gandhi road Akola. Panchayat samiti is related to the working of rural area. Firstly, to take permission for the visit, we meet with the BDO Dr. Rahul Shelke Sir at his office. He gave us permission for the visit in every department & collecting information. Next day, we went to that office but because of the workload of elections, we were unable to meet with BDO. So, we decided to visit various department of that office. First we visit to the Construction & Water Supply Department. The head of that department Mr. P.P.Rathod Sir gave us information about their working for the rural area. They made roads or other construction work from the fund send by government. He also told us that by giving competitive exams, anyone can be the head of that department. Another department we visited was Auditing Department, where Dr. Jagdish Bendre Sir told us about their working. All works related to auditing, checking of accounts, funds or other works are undertaken by him. At last, we meet Mr.Madansing Bahur Sir who is Extension Superintendent of Panchayat Samiti. He is really nice person. He not only told us about the whole working of panchayat simit but also the problems they have to face. After an interview session we all click pictures with them & also promised that after taking proper education we all students will be also posted at the highest post in Government offices. In the last movement we all say thank you to all of them for giving us their precious time to us. All members enjoyed both the visits & learned so many things. Finally we successfully completed our both visits.

**Visit of The Nandura Urban Co-operative Bank, Akola.**

आज दि. १०-१०-२०१९ रोजी adict या वर्कशॉप च्या क्षेत्रभेटीसाठी आम्ही बँकेमध्ये क्षेत्रभेट देण्याकरिता गेलो होतो. त्यासाठी आम्ही The Nandura Urban Co-operative Bank, Akola ही निवडली होती. या क्षेत्रभेटीसाठी आमच्या Dynamic Group मधील सदस्य सहभागी होते.

आम्ही मिळालेल्या परवानगीनुसार दुपारी २ वाजता बँकेमध्ये गेलो. तेथील शाखा व्यवस्थापक नारायण दशरथ सुसरे यांची आम्ही भेट घेतली. ते बी.कॉम झालेले असून त्यांना शाखा व्यवस्थापक म्हणून ७ वर्षांचा अनुभव सुद्धा आहे. द नांदुरा अर्बन को-ऑप बँक ची स्थापना ही १९६४ मध्ये झाली आणि त्या बँकेचे हेड ऑफिस हे नांदुरा या शहरात असून ह्या बँकेच्या महाराष्ट्रात २० शाखा आहे. या शाखेत त्यांचे ५०० डिपॉझिटर आणि ४५० कर्जदार असे ग्राहक आहेत. या शाखेचे कामकाज तीन कमिटी मार्फत चालवले जाते. एक कर्मचारी कमिटी, दुसरी डिपॉझिटर कमिटी आणि तिसरी लोन कमिटी. या बँकेमध्ये लॉकर सुविधा सुद्धा उपलब्ध आहे आणि ३ प्रकारच्या लॉकर सुविधा ही बँक ग्राहकांना पुरवते.

त्यांनी आम्हाला NEFT आणि RTGS बदल सुद्धा माहिती दिली. २ लाखापर्यंत चे व्यवहार किंवा फंड ट्रान्सफर हे NEFT मध्ये येतात आणि त्या रकमेपेक्षा जास्त रक्कम असल्यास ती RTGS मध्ये येते. NEFT आणि RTGS मध्ये त्वरित रक्कम ट्रान्सफर करता येते. असेही त्यांनी सांगितले. त्यांनी आम्हाला शॉर्ट टर्म, मिडल टर्म, लॉग टर्म असे लोन चे प्रकार सांगितले.

त्यांचा मते बँक मर्ज असे त्यांना वाटते आणि demonetisation बदल ते सांगत होते की कामाचा लोड वाढला आहे. अश्या प्रकारे आम्ही बँक मध्ये जाऊन आमच्या प्रश्नांची उत्तरे मिळवली आणि खूप नवनवीन गोष्टी आम्हाला माहीत झाल्या. आणि आमची क्षेत्रभेट यशस्वी ठरली.

Field Visit Location : Dr. Panjabrao Deshmukh Krishi Vidyapeeth, University Library, Akola

Visit Time: 12 pm

Visit Objective: To understand the "University Library" Administrative, Hierarchical & Managerial organization structure & working mechanism of Dr. Panjabrao Deshmukh Krishi Vidyapeeth Akola.

Group Name: ACHIEVER'S

Group Leader Name: Miss. Arpna Lakhapati

Officer Concern: Dr. A.B. Bhosale, University Librarian.

#### Detailed Report

Under the program of Adding Dimensions & Introducing Career Techniques (ADICT) our group Achievers has directed to visit "University Library" of Dr. Panjabrao Deshmukh Krishi Vidyapeeth Akola. Under the leadership of Miss. Arpna Lakhapati.

Firstly on 21st February 2022 some members of our Achievers group approached the University Library's Librarian Office of Hon'ble Librarian Dr. A. B. Bhosale Sir. They were very busy but they had given us time to meet. Thereafter we have presented our Request cum Appointment Letter in front of them. Actually their working schedule was very much occupied. But they given us appointment for Visiting University Library of 22nd February 2022 at 12 pm.

So on 22nd Feb 2022 sharp at 12 pm we have touched our destination of visit the University Library of PDKV. With Achievers group leader Arpna Lakhapati following with members Chaitanya Pande, Tejas Ghode, Sujata Dolas, Nutan Malokar, Trupti Chore, Vaishnavi Dhande & Nikita Narsingh. As a visiting process we again approached Office of Librarian Dr. A. B. Bhosale Sir. They discussed with us the preliminary tasks to enter any library and also they have explained us the importance of entry register & surveillance system. Thereafter they've given us Permission Form for Visiting PDKV University Library, all group members have filled, signed & finally submitted it. And we all have granted permission to visit Library. After that Kushal Wakhode Sir, Library Assistant has been instructed to assist us for visiting "University Library" by Librarian Dr A. B. Bhosale.

So we all Achievers group members gathered with Library Assistant Kushal Wakhode Sir and we have started visiting, there were all over pin drop silence among all rooms & sections. We begin with Reading or Studying Room there were single desk & single chair for each student. And in that reading room side cupboards were occupied by too much regular & well known magazines, journals, newspaper & dailies. Then after we have entered in Thesis room. These theses were made by fellow students and preserved there from 1970 to upto date. Thereafter we entered into Book Compartment Room. Books were arranged there in the Dewey Decimal Classification System. And approximately 1 Lakh 60 thousands books were arranged there. Then after we understand the mechanism of manual book finding Catalogue from the name of book & author of book.

So thus how Library Assistant Kushal Wakhode Sir showed us all rooms & sections of library which we supposed to be. And cleared each and every query & question of us. Wakhode sir was very enthusiast.

Then again we had a meet at Librarian Office. And Dr. A. B. Bhosale Sir explained us the online university website's process of searching & knowing availability of books in the library without physically attending the library. Along with this the process of how to download the free ebooks provided by the University Library. And Bhosale Sir was very polite they answered our every technical query and also philosophically guided us which is needed to us for development of our personality which "was & is" our core objective.

And at the summing up of visit Dr. A. B. Bhosale Sir showed us physical rare book first edition of "Constitution of Bharat" which was there at the Oath Taking Ceremony of PM Narendra Modi. And PM itself adored this book at that time. We are fortunate to feel, touch the glory, essence & signatures of members of First Loksabha & Rajyasabha.

Then Dr. Vineet Warthe sir introduced us with all departments of the hospital and we had a beautiful conversation with all doctors. Then he gave the detailed information about all facilities provided by GMC and procedures to be followed to get an appointment of a specific doctor. They introduced us with each every part of hospital such as storage room for medicines , general wards , HIV department, etc.

Dr. Vineet Warthe sir was also so excited to give the information about hospital and college. We got all the relevant answers and acquired a deep knowledge about Government Hospitals.

This was an amazing experience for us to know about various concepts in medical field.

It was a great second field visit by group Dreamers...

### 3. Group Infinity

Date : 22-02-22

We were allowed to visit the Civil Lines Police Station. And that was the first visit of some of our group. So there was a little bit of fear in our minds, but our curiosity was a little bit more than the fear.

5:30 in the evening we entered the police station and our minds started pounding. How to start, how to talk, how to ask questions? Then the meeting started. Civil Line Police Station In-Charge P.I. (Police Incharge) BK Madavi gave us a spontaneous response. As time went on we kept asking questions. Because the police station said that we were feeling as much fear as everyone else. But as Sir talked to us, our fears vanished. Sir humbly answered our questions because Sir has worked in this field for a longer period of time than our age.

We also wanted to know a lot about the police station. We weren't sure when we would get the opportunity, but ADICT provided that opportunity. I sincerely thank Dr. Mahesh Dabre and Dr. Swati Damodare for giving us this opportunity.

Date: 01-03-2022

We, the members of the INFINITY group in ADICT, tried to collect all the information about the Gram Panchayat by visiting the Gram Panchayat and meeting the Sarpanch and Deputy Sarpanch.

According to the 2011 census, Nimkarda Takli has a population of 1965 and a total of 946 voters. There is a panchayat held 5 times a year and in this panchayat all the problems are solved, there are many problems. Urgent efforts are made to solve agricultural problems. The village sarpanch has applied to the government in an attempt to resolve the road issue but has not received any reply.

While inspecting the school at Nimkarda Takli, we noticed that there are schools from 1st to 5th standard and students have to go abroad for further education. There are 3 teachers in the school. The students are working closely. A lot of help is being given to the people / students coming and going outside the village under Swadhar Yojana. The major crops are onion, soybean and cotton. The sarpanch has started digging in the reconstructed lake and trying to save rain water in it. The crime is reported to the nearby village Kurad police station, but fortunately, the villagers live a simple life with peace. Reviewing the last few years, the sarpanch has noted that no crime has been committed there.

Nimkarda Takli has many problems like agriculture, road problems, water problems, health problems, education problems, electricity problems, but the villagers are dissatisfied with the government's lack of help to solve all these problems. To solve all these problems and for the development of the village only an annual fund of Rs. 6,00,000 is given to the villagers. This fund is not a supplement for the development of the village and the villagers have demanded an increase in the annual fund from the government.

Sarpanch and Gram Panchayat members are carrying out various activities for the development of the village. Attempts are being made at the individual level to create awareness. Sarpanch has claimed that the village will be fully developed in the next 5 years.

## Report of the Department of Languages

2018-2019

The Department of Languages is regularly holding various activities to hone the communication and language skills of the students.

The English, Hindi and Marathi Languages Association are formed every year by organizing various activities like guest lectures, extempore role playing, reading of literature of eminent personalities.

The English Language Association was inaugurated on 20<sup>th</sup> August 2018 and a guest lecture of Dr. Hemant Khadke, the Head of the Marathi department of SGB Amravati University was held. Through his impressive guest lecture, Dr. Hemant Khadke gave a critical appraisal of the renowned literature of the World like Jewish Literature, English Literature, Marathi and Hindi Literature. His guest lecture was extremely inspiring and students got an in-depth knowledge of various famous Literature of the World.

The Department of Languages regularly holds Short Term Communication Skill Course for honing the speaking skills of the students. This year also two short term courses were held in the language lab from 1<sup>st</sup> August 2018 to 11<sup>th</sup> August 2018 and from 13<sup>th</sup> January 2019 to 24<sup>th</sup> January 2019.

Students got guidance from Dr. Ashalata Raman and Shri. R. L. Yeul on various topics like Phonetics, Fundamental Language Skills, Vocabulary and Conversation.

The office bearers of the English Language Association , Mrunal Sardar(President) , Arpita Chaudhary(Vice-president), Tejaswini Maavde (Secretary), Nikita Beroza, Vaishnavi Kupatkaar and Pratik Wadhokar (Members) actively Co-operated in organizing various activities held under the aegis of the Department of Languages.

Apart from these regular activities, the Department of Languages commemorated 27<sup>th</sup> February 2019 as Marathi Raj Bhasha Day and 15<sup>th</sup> September 2018 as Hindi Diwas.

The languages department is getting active co-operation from Dr. Ashalata Raman (HoD), Shri. R. L. Yeul, Dr. Swati Damodare and also the guest faculty members, Nishali Panchgam, Shri. Dube Sir, Dange Madam, Raajkanya Madam, Wankhade Sir, Dhore Sir, Waghmare Sir, Jyoti Hatekar Madam and Wankhade Madam. The guest faculty assist the regular teachers in the day to day working and in regular activities of the Department of Languages of Smt. L. R. T. College of Commerce, Akola.
